me: yo
me: we need cool names for various positions with Project PM
me: just keep that in the back of your mind
Caleb: Jesus.
Caleb: My fucking fat editor just came back to the newsroom and forced me to watch a Louis Black clip from _The Daily Show_.
me: ah, is it the one where he bashes GLENN BECK
Caleb: Yep.
Caleb: It wasn't not funny.
Caleb: But I don't really appreciate being forced to watch a _Daily Show_ next to a third-rate intellect.
Caleb: It was very Daniel Merrill-ish.
